Please mark your calendar  
**Wednesday, April 22, 2015 at 12:30PM PT**  
**Farmers Insurance Group Federal Credit Union**  
**4601 Wilshire Boulevard, Suite 110, Los Angeles, CA**

All members are invited to Farmers Insurance Group Federal Credit Union's (the "Credit Union's") Annual Meeting, which will be held on Wednesday, April 22, 2015, at 12:30PM PT. The Annual Meeting will be held at the Credit Union's headquarters, located at 4601 Wilshire Boulevard, Suite 110, in Los Angeles, California.

Members will have a chance to meet the staff and officials who make our Credit Union work. The Credit Union will provide reports on our current financial status, our plans for the future, and announce the results of our election.

### Notice of Nominees

The Credit Union's Board of Directors has appointed a nominating committee to nominate at least one (1) nominee for each vacancy in accordance with the Bylaws. Under the Credit Union's Bylaws nominating policy, the nine (9) members of the Board of Directors should consist of the following:

The Board of Directors shall be comprised of individuals with a solid business cross-section from various fields of expertise. Further, and in particular, the Board shall represent the Farmers agency force, all retirees, and Farmers corporate employees.

In accordance with the nominating policy under the Bylaws, the members of the Nominating Committee for the 2015 Credit Union Election have nominated four (4) candidates on the ballot roster for four (4) open positions on the Board of Directors. Unless there are additional candidates nominated by petition, the four (4) candidates nominated by the nominating committee will serve on the Board of Directors. Three (3) of the nominees will each serve for three (3) year terms, while Danny Davison was appointed to complete the remainder of Kenneth Carroll's term, until April of 2017.

If there are additional nominations by petition, there will be an election by mail ballot. In that case, the candidates receiving the highest number of votes in the election will each serve their appropriate terms.

The four (4) candidates selected by the Nominating Committee are set forth on the attached statement of qualifications and biographical data.

### Petition for Nomination

Any member who wishes to petition for nomination to serve on the Board of Directors may do so by submitting a petition for nomination with the original signatures of at least 430 Credit Union members no later than 3:30PM PT on Friday, March 13, 2015. Each nominee by petition must submit a signed certificate stating that the nominee is agreeable to nomination and will serve if elected. The nominee should include a statement of qualifications and biographical data with his or her certificate. Anyone wishing to use the petition process should contact Gladys Garcia at the Credit Union at 323.209.6006. A posting of all nominees will be made at each Credit Union branch by Wednesday, March 18, 2015.

Please note that there will be no nominations from the floor at the Annual Meeting because nominations are only permitted by petition or by the Nominating Committee.

### Voting Procedure

As noted above, the Nominating Committee has nominated one (1) candidate for each position to be filled on the Board of Directors. If the Credit Union receives one (1) or more additional, valid petitions for nomination, there will be more nominees than positions to be filled. In that case there will be an election.

An election, if necessary, will be determined by plurality vote and will be conducted by mail ballot, which will be mailed on or about Wednesday, April 1, 2015.

## Don't Let Post-Holiday Debt Keep You Up At Night

### Three Financial Options to Help You Get Some Zzzzzzz's

Worrying about holiday debt in January is as common as long lines on Black Friday. It's not surprising since 55% of adult Americans don't save for the holidays. Buying presents for loved ones was more important than sticking to a budget, according to 30% of those surveyed by the National Retail Federation.

And credit cards are how consumers cover the difference between their bank accounts and the cost of gifts.

So, it's no surprise that the third largest source of household debt is from credit cards. Only the mortgage and student loan debt markets are larger. But, what consumers don't always realize is that carrying a high balance on credit cards, along with

added interest, can damage credit scores if not paid off quickly.

One way to simplify payments and keep money in your pocket is to consolidate your debt.

Here are three debt consolidation options for you to consider:

#### Option 1:

##### A Credit Card Balance Transfer

Transfer your existing credit card debt to a card with a lower interest rate. Look for options with no added fees, such as transfer or monthly fees. Check out FIGFCU's Balance Transfer special with 2.99% APR for 12 months. Visit [www.figfcu.com](http://www.figfcu.com) for more information.

#### Option 2:

##### A Personal Loan

Open a personal loan to pay off the high interest debt, but make sure the terms of the loan will improve your situation. You can find low rate personal loans such as the FIGFCU Signature Loan where, for a limited time, you get 0% APR for 3 months to help pay off or reduce debt. Visit [www.figfcu.com](http://www.figfcu.com) for more information.

#### Option 3:

##### A Home Equity Line of Credit

If you're a homeowner, use the property value under your feet. Take

out a Home Equity Line of Credit (HELOC) as a way of consolidating debt by borrowing a percentage of your home's value. Learn more about FIGFCU's HELOC program and find out how it could save you money in the long term. Visit [www.figfcu.com](http://www.figfcu.com) for more information.

### Your Credit Union Is Here To Serve You

Our job is to assist you by providing expert advice and guidance. FIGFCU wants to help you achieve financial freedom. For additional information on our Debt Consolidation tools, visit [www.figfcu.com](http://www.figfcu.com) or speak to a Credit Union representative by calling 800.877.2345.

## CEO's View

It's a New Year and time to take stock of our personal financial conditions. And, if not satisfied, figure out how we'll be improving it. There are a few fortunate people who financially planned in 2014 and had enough self-discipline to carry out their plan.

What are the keys to planning and executing your personal financial plan?

First, KNOW you have the motivation to succeed. Then build a realistic and challenging plan that is attainable in the "real" world. Anyone can set an easy goal and reach it. But, the solid financial plans are built like plans for other walks of life: Set realistic goals, with attainable "win" benchmarks. This will push you and get you stronger as the weeks and months pass.

I read an article a few years back about a group of anthropologist/sociologist types who went deep into the Amazon jungle. They spent time with a tribe that had little contact with the outside world. The tribe included a bunch of octogenarians who were asked about the key to their incredible longevity.

The oldest tribesman said, "Every night before I go to sleep, I make my plan for what I am going to do tomorrow." Simple. Elegant. Sublime. What does this have to do with successful financial planning? The individual is buying into his own action plans. He's also giving himself the realistic hope that tomorrow is going to be another great, building-blocks day.

Hope, action, and planning – the keys to a long life? Just may be!

Now, FIGFCU thrives on the interest income our borrowing members pay on loans. But, as much as we love members to be active borrowers, we always advise on the financial prudence of the borrowing dollars request.

If members have too much unsecured debt, especially at high rates, we encourage them to create a personal and/or agency budget to pay off high rate credit cards first. We can help do that with a low rate debt consolidation loan. Check out our feature article for more information on that.

Happy 2015! We look forward to your continuing choice of doing business with YOUR Credit Union first. No other financial institution will serve your money-related needs as we will, and do. It's different here.

## Not saving enough money for your Retirement? It's never too early or late to start saving

**Are you nearing retirement or have been in the workforce for a few years and have no clue about your retirement status?**

If you answered yes, then you are not alone. Many Americans are facing the same dilemma and more Americans are living longer, spending more and relying on long-term medical care. Plus, the uncertainty of Social Security benefits being available creates anxiety in many people. These are several reasons to plan for your future.

### Start Now.

You can build your nest egg by taking advantage of the following six tips:

**Crank it up a notch.** If you are nearing retirement consider increasing any contributions you are making to a savings account. 2015 limits for 401K contributions are \$18,000 for age 49 and under, and you can add an additional \$6,000 for age 50 and older. To learn about contribution limits on IRA Accounts, visit [www.irs.gov](http://www.irs.gov).

**Contribute to your 401K.** Meet your employer's match if you can as it will maximize your savings potential. If you don't, you are literally giving away FREE money.

**Open an IRA (Individual Retirement Account).** This account establishes additional retirement savings if you already have a 401K account with your employer. Plus, with an IRA account there are a few ways to save money pre-tax thus lowering your taxable income.

**Pay yourself first.** Make your retirement contributions automatic each month so it's quicker and convenient to

put away money without having to do anything.

**Stash extra funds.** If you have extra funds, don't just spend it. If you receive a bonus, raise, gift money or any other additional income, be sure to save it into your retirement account(s).

**How much should you save?** There is no right or wrong answer. However the Boston College Center for Retirement Research (CRR) advises contributing 15 percent of pay to a 401K plan for employees who earn average wages. To find more helpful tips on when and how much to save, visit [crr.bc.edu](http://crr.bc.edu).

Your Credit Union has retirement savings tools that offer flexibility and multiple options for building your nest egg. Plus, you have access to our staff of retirement experts who can guide you through the best options for you and help you get started. It's never too late to save for your future! ## 2015 Tax Guide

**Paying Uncle Sam this Tax Season: Know your options and act fast**

The tax season is upon us and even though the majority of Americans will get a tax refund, there will be many tax payers who owe and can't pay the tax bill all at once.

Below are some helpful tips to steer you in the right direction to pay off Uncle Sam:

**Pay It Right Away** – If you get a bill for late taxes, you are expected to pay promptly. If you cannot pay, it is in your best interest to take out a loan rather than make installment

payments as you can end up paying more in interest charges.

**Credit Card Payments** – The interest rate on your credit card may be lower

than what you would pay overall with the interest and penalties that the IRS tacks onto your bill.
