

Use **Card Controls** to manage your Credit Union digital and physical Debit and Credit Cards. This Quick Start Guide covers Card Controls' many features. Click this [link](#) for detailed how-to instructional videos covering the features in this guide in more detail.

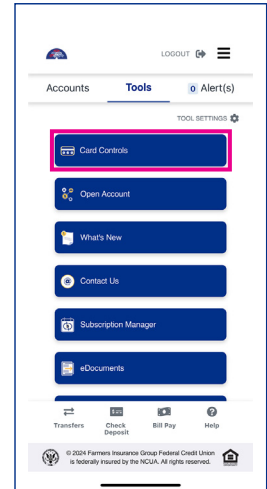

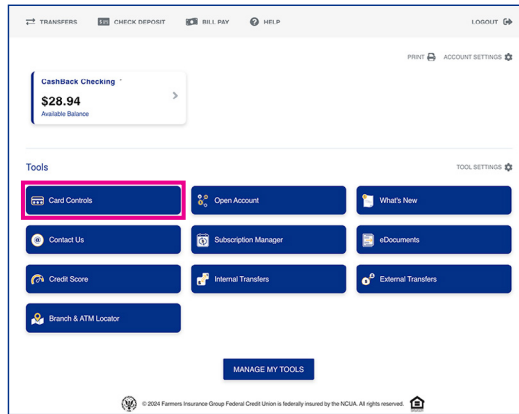

**Please note:** The Card Controls Tool is currently only available for Personal accounts.

Web Browser View

Mobile Phone View

Open the **Tulee App** or access Tulee by visiting **tulee.figfcu.org**.

Once logged in, navigate to the Tools section and click the **“Card Controls”** icon.

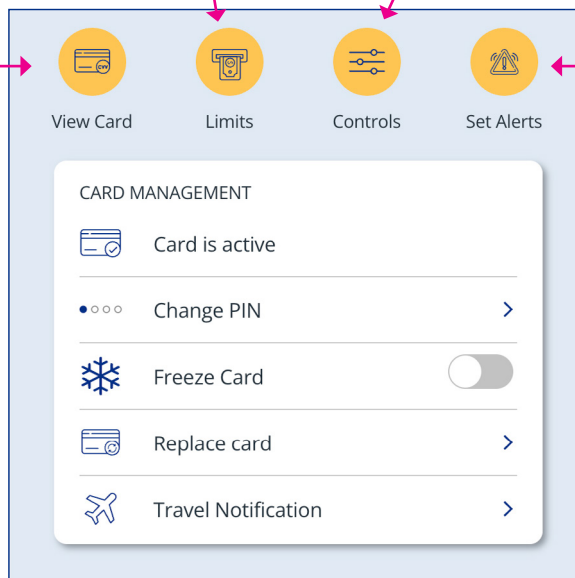

**The Card Controls homepage shows you all its different features. Here's a brief explanation of each.**

Use **Limits** to help manage your spending. Set a per-transaction and per-month spending limit.

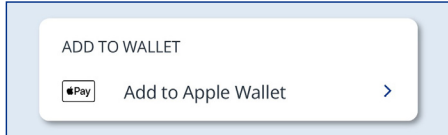

Use **Controls** to prevent unauthorized usage of your Credit Union cards. Set the types of transactions you want to allow and those you don't.

Click **View Card** to see all your Credit Union Debit or Credit Cards.

**Set Alerts** to be notified via your mobile device whenever your Credit Union Debit or Credit Card is used.

Click **“Activate Card”** and follow the prompts to activate and begin using your digital or physical Credit Union Debit or Credit Cards.

**“Change PIN”** enables you to set or change your PIN.

Click the **“Freeze Card”** toggle switch to stop your card from being used for future purchases and ATM transactions if you suspect fraud.

Submitting a **“Travel Notification”** lets us know you’re traveling so your Credit Union Debit and Credit Cards won’t be declined when you’re outside your regular geographic area.

Click **“Replace Card”** to receive a new Credit Union Debit or Credit Card if yours is lost, damaged, or stolen. *The replacement card will arrive within 7-10 business days.*
